*Billing Coordinator*

**What do you think the best skills are that you bring to your job?**

**I am a quick learner and organized. I am also willing to help anyone and everyone out which TEAMWORK is an important skill to have.**

**Why did you choose to work at Summit?**

**I chose Summit for a new challenge. My knowledge with billing and working with such things has brought me more insight and Summit seemed to be the best fit to keep on growing forward. I also chose Summit for the work environment and family like atmosphere. I truly believe a laid back but still expected to stay on track work environment always works best. It's important to come into work and to truly enjoy coming in. The people employed at Summit seemed really fun and cool in which meeting them they have lived up to exactly that. Cheree had me hooked when she said "we are all human, we make mistakes" and that is the kind of environment anyone would want to work on.**
