What do you think the best skills are that you bring to your job?

My amazing wit and charm...duh! But in all actuality, I think it is, I am honest, loyal, and hard working. Basically, it is my “do unto others” kind of mentality. I am here to do what is right by people. This world can be a selfish and convoluted place sometimes; so, I want to be a source of clarity and light, lifting people up to be the best version of themselves.

Why did you choose to work at Summit?

Summit is a family-owned gem of the industry.... And who better to take on the adventure with other than my own blood- So here I am, along side my brother, sister, cousin, sister-in-law, mom and dad and all of the non-blood relatives I have gained by joining this team! I love that everyone has the like-minded ability to do just that- **MAKE YOU FAMILY!** And that is exactly how it will be for you when you join our team! Who loves ya baby?!

Tell us about your family:

40 years ago a legend was born from a savvy restaurateur and a beer drinking good ole boy... She was tortured during her youth by an older brother with a pension for drunken tattoos and protected by an older sister who would slay the mightiest of dragons to shield her from harm... This legendary Princess would grow up to follow in the footsteps of her Schlitz loving father but eventually would join the family business along side her trusty and faithful furry companion, Travis, and their loving French bulldog, Huckleberry Finn. Together, with all of the forces of the universe combined, she spreads love, laughter and champagne to all she adores! And thus the legend of, The Boujee Healthcare Recruiter, Kristin Krueger Pullen

What's your favorite movie?

How can one just have one?! This is far too impossible so I will give you a break down of a few of my favorites.... Gone With The Wind, Pretty Woman, Schindler's List, Anything Harry Potter, and The Usual Suspects...because the greatest trick the Devil ever pulled was convincing the world he didn't exist...
